Through informal 'catch-up' classes and community outreach, NRC works with refugee families to help their children re-enter Turkish schools.

NRC works with Turkish education partners to deliver vocational training, job matching services and cash support that allow refugee and Turkish youth to secure a sustainable income for themselves.

NRC will offer information services, counselling and legal assistance to ensure refugees enjoy legal protection and are able to access the rights and services that they are legally entitled to;

Through the provision of cash assistance, NRC helps the most vulnerable families meet their basic needs (food, shelter, household and hygiene items).

In Ankara city, NRC is the largest international provider of humanitarian goods and services.
